Dear Mr. Hoffa:

We at Hope School have been thinking of you and are wishing for you and yours the best for 1964.

At this time we wish to extend to you and your lady an invitation to attend our Building Fund Ball as an honored guest of Hope School and the children whom your wonderful Teamsters Union members are doing so much for. It will take place at the Desuville Hotel, Miami Beach, Florida, on February 23, starting at 6:00 P. M. with a cocktail hour, followed by dinner and entertainment featuring the talented Mitzi Gaynor and her review. No speeches and no solicitations.

Though many dignitaries and other celebrities will attend this affair, nothing will bring us greater pleasure or honor than your presence. May we be advised of your acceptance of this sincere invitation so that we may assign a place of honor for you and yours.

Hope School for Mentally Retarded

Dear Mr. Hoffa:

The most wonderful and generous contribution from the Teamsters' Union membership was delivered to me today by Mr. Joseph Morgan. How can one find words adequate to tell you what this gift has meant for our children at Hope School. For them it means new life and a greater effort to make their tomorrow brighter than their yesterdays. Every night when our children are put to bed, they raise their little hands toward heaven and offer a prayer of thanks to God for his daily gifts. You and the Teamster membership will be remembered in those prayers.

We would like to tell the world how the Teamsters' membership literally reached their hands across the continent to help our children, children they do not even know. A true example of the brotherhood of man and the fatherhood of God. At the request of your leaders, this must, for the time being, remain a secret between you and your Lord.

We hope on your next trip you may be able to visit Hope School and let the children thank you in their own way. A plaque will be erected in our school dedicated to the Teamsters' membership. Will you extend to all of your members an invitation to visit our school when they are in Miami.

For Hope School, I can only repeat, "Inasmuch as ye have done it unto one of the least of these, my children, ye have done it unto Me." May heaven smile upon you and yours.

Sincerely,

HOPE SCHOOL

Dear Jim:

In connection with the Hope School you will find enclosed herewith a proposed set of By-Laws for an informal Committee to be known as "Teamsters' Volunteers for Charity" which organization may be used to solicit funds for whatever worthwhile charity it determines. There is also attached hereto a letter from the Attorney for the Hope School in which he sets forth the fact that Hope School contributions are tax deductible and his own opinion that solicitation by union representatives of employers will not be in violation of Section 302 of the Taft-Hartley Act. The letter also designates you, Gibbons, Roy Williams and such other officials as may body else designated by you to solicit these contributions. I have discussed this entire matter with Stanley Rosenblum who is of the opinion, from the point of view of taxes, that this endeavor may be carried on as setforth.

It is my opinion that representatives and employees of labor unions may, without violation of Section 302 of Taft-Hartley, solicit employers to make direct charitable contributions as setforth in the By-Laws, with none of such money going directly to them or to any organization which they control, and with no

charges or expenses to such organization, and with no use of the organization's name.

If you are in agreement with the procedure, the thing to do would be to have a meeting to organize the "Teamsters' Volunteers for Liberty" by adopting the proposed By-Laws, and then proceed to raise funds for such purposes as you may desire.

When solicitations are made for Legal Defense, each solicitor should carry a copy of the letter from Attorney Emanuel Lavenson dated July 10th, 1963, and the letter from Mrs. Judy Hilliard dated July 31st, 1963 setting forth the manner in which the checks should be made out.

Dear Mrs. Holland:

In connection with Mr. Hoffa's endeavors to raise some funds for the School, will you please furnish us with a statement from counsel for the School that

(1) All contributions to the School are tax deductible under current Internal Revenue Laws and Regulations, and

(2) That contributions made to the School would not be in violation of Section 302 of the Taft-Hartley Act even though solicited by union representatives who are for that purpose acting as agents of the School. In this regard any union official who solicits funds would be instructed to do so on his own time and at his own expense.

In addition, will you please have your counsel draft a letter on behalf of the School designating James R.Hoffa, Harold J. Gibbons, Roy Williams and such other officials and employees of the International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers of America or any of its affiliates who shall be designated by the above three persons, or, in the alternative, the "Teamsters Volunteers for Charity" the authority to act as agent for the Hope School in the soliciting and forwarding of funds to the Hope School. In this connection it is to be understood

that all checks will be made payable directly to the Hope School or such Agency or Fund as Hope School may designate, and that the agents will work without compensation.

If your counsel has any questions with respect to these matters please have him call us.

I am sorry that I didn't get an earlier opportunity to thank you for the card and letter. As you know, I have been rather busy up here in Philadelphia.

I have some ideas with respect to the ideas that we discussed in Florida and you will hear further from me within the next several weeks.

Dear Mr. Hoffa:

I am now sitting amidst a scramble of children, papers and confusion, as today we are starting to move from our old building to the new Hope School. With it all, I am still pinching myself to see whether last week's visit by you to Hope School really took place.

Our staff and children are still discussing with enthusiasm your visit to Hope School on Thursday. Your organization is one we will never forget. The reaction on the part of the community, to your visit was indeed a tremendous one. The radio and TV stations carried the news for two straight days. I was interviewed for an hour with my impressions of the Teamsters' Union, and needless to say, I told them what courageous, sincere, and generous men you are.

I also told them I considered it a privilege to have the Teamsters' Union name linked in any manner to the Hope School for Mentally Retarded Children.

I guess in our own small way, we have not only interested you in Hope School, but you have interested us in the workings of the Teamsters' Union, and have won many loyal supporters here in the State of Floride.

I usually pride myself on writing a fairly coherent letter but my heart is so full of thanks that I find it difficult to transfer these words from my heart and mind to my pen.

Mr. Hoffa, I am known to be a very direct and honest individual, and please believe me when I say that our meeting is a highlight of my life, as well as our children's lives.

We of Hope School thank you and hope and pray that our paths will continue to cross on through our lifetime.

Sincerely,

Attention Program. Academic training is given to the Intermediate Grouns. Field trips are planned once a week and a Boy Scout Troop has been formed. All groups concentrate on speech therapy, physical, visual and audio aids.

FEES are based on a parent or guardian's ability to pay tuition. The admission policy is flexible in depending on each individual case and its relationship to the existing group, as well as the needs of the individual involved.

The new school independent of furnishings, and together with the ground, represents a $300,000.00 investment.

In order to properly furnish the school and complete the building which is now only about ½ finished, and upon which most of the money for construction is still owed, it is necessary for us to raise $200,000.00.

At the present time, for the lack of funds, completion has been held up until we can pay the obligations that have already been accrued for that part of the building that has already been constructed.

None of the officers, including our Executive Director, receives any salary what-so-ever.

Hope School Staff and members have dedicated their lives to erect a new facility to aid the many unfortunate Mentally Retarded Children who have no where to turn for the love and education our children at Hope School receive.

Our dreams we hope will soon be a reality.

Dear Mr. Hoffa,

We have been made very happy by the news of the great victory for you and the Teamster's Union at Philadelphia. Aside from the victory of the Teamster's, it is a true testimonial to your leadership.

The halls of Hope School echo with the magnetic force of your personality since the very moment you left Hope School after your visit.

I feel that you would be very happy to know that just this week the old school building has been torn down. Just like Phoenix that rose from it's own ashes, a new Hope School will be erected where the old one stood.

When you visited our school with Tony, we were very low in spirits, with our school ½ finished, and not knowing where to turn to get the necessary funds to complete our school. But when you spoke on TV and radio in Miami, it seems that all of our creditors must have been tuned in, for the magic of your promise to help see that our school would be completed, had the effect of taking the wolves off our doorstep, and all offered to wait a little longer.

With the renewed courage generated by your heartfelt offer to help the children of Hope School, we are now proceeding with new and even greater vigor than ever before.

We are so proud of your interest and friendship in Hope School and it's children, that we bought the tape of your radio show and clips of your TV appearance while here, we want you to have them, and if you will advise us

Mr. Jesse Haffa

Dear Mr. Haffa,

We have been made very happy by the news of the great victory for you and the Teamster's Union at Philadelphia. Aside from the victory of the Teamster's, it is a true testimonial to your leadership.

The halls of Hope School echo with the magnetic force of your personality since the very moment you left Hope School after your visit.

I feel that you would be very happy to know that just this week the old school building has been torn down. Just like Phoenix that rose from it's own ashes, a new Hope School will be erected where the old one stood.

When you visited our school with Mary, we were very low in spirits, with our school 3/4 finished, and not knowing where to turn to get the necessary funds to complete our school. But when you spoke on TV and radio in Miami, it seems that all of our creditors must have been tuned in, for the magic of your promise to help see that our school would be completed, had the effect of taking the wolves off our doorstep, and all offered to wait a little longer.

With the renewed courage generated by your heartfelt offer to help the children of Hope School, we are now proceeding with one and even greater vigor than ever before.

We have so passed of your interest and friendship in Hope School and it's children, that we bought the tape of your radio show and slips of your TV appearances which here, we want you to have them, and if you will advise us

where to send them, so will pack and ship same at once.

Once again, thank you for your interest, and for all the good and wonderful things you have done, for people everywhere. may the Lord in his infinite wisdom bless you that your fondest dreams be realized.

Our Executive Director, Judy Holland, joins with me in wishing you and yours all the good things in life.

Mr. James Riddle Hoffa
25 Louisiana Avenue, N.W.
Washington, D.C.

Dear Mr. Hoffa:

I am now sitting amidst a scramble of children, papers, and confusion, as today we are starting to move from our old building to the new Hope School. With it all, I am still pinching myself to see whether last week's visit by you to Hope School really took place.

Our staff and children are still discussing with enthusiasm your visit to Hope School on Thursday. Your organization is one we will never forget. The reaction on the part of the community, to your visit was indeed a tremendous one. The radio and TV stations carried the news for two straight days. I was interviewed for an hour with my impressions of the Teamsters' Union, and needless to say, I told them what courageous, sincere, and generous man you are.

I also told them I considered it a privilege to have the Teamsters' Union name linked in any manner to the Hope School for Mentally Retarded Children.

I guess in our own small way, we have not only interested you in Hope School, but you have interested us in the workings of the Teamsters' Union, and have won many loyal supporters here in the State of Florida.

I usually pride myself on writing a fairly coherent letter but my heart is so full of thanks that I find it difficult to transfer these words from my heart and mind to my pen.
